EMERGENCY KIT USAGE LOG

- -This form is used whenever the pharmacy supplied emergency kit (e-kit) is opened by the facility.
- -A signed physician order needs to be sent to the pharmacy prior to opening the kit. A message to the pharmacy (after hours if applicable) should be placed to confirm the order is valid, appropriate and to be approved by the pharmacist on duty.
- -This kit is owned by Botika LTC. It is the facility's responsibility to maintain the kits' security and storage. It should be only opened by a licensed health care professional.
- -Please inform Botika LTC if any of the medication is beyond its use date (expired).
